Today – The cold front is moving through the area dry this morning. Otherwise, high pressure will build from the north providing mostly sunny skies and windy conditions. The wind will increase out of the NE by mid-morning 15-20 gusting 25-30 mph at times and shifting east during the afternoon before decreasing this evening. Temperatures will be a little cooler with highs in the upper 60s to low 70s.

Winds (mph)	S 10-15	ENE 14-18 G25	SW→NW 10-15 G20

Extended forecast – Mostly cloudy skies can be expected this weekend as a cold front moves towards the area bringing the chance for scattered showers and thunderstorms Saturday afternoon. The front will likely stall near the area on Sunday with a low-pressure system developing along it and moving to the northeast on Monday. Scattered showers and thunderstorms will be possible Sunday afternoon and becoming likely Sunday night into Monday as the system moves through the region.
