Winds (mph)	NNW 5-10 → Light and Var.	Light and Var. → SW 5-10 G15	WNW 5-10 → 15-20 G30	NW 5-10 → 10-15 G25

**Extended forecast** – Partly cloudy skies tonight will give way to a chance of PM showers on Saturday. A slight chance of showers will linger on Sunday with partly cloudy skies in place early next week. Lows will range from the lower 40s to lower 50s with highs ranging from the mid-60s to mid-70s. The strongest winds will occur on Sunday when gusts out of the NW around 30 mph will be in place. There is some fog potential at higher elevations on the course with conditions becoming less favorable each morning heading into early next week.
