Temp (min/max)	57/72	49/75	49/70	42/65
Winds (mph)	WSW 6-12 G18	SSW 5-10 → W 5-10 G15	WNW 5-10 → 15-20 G30	NW 5-10 → 10-15 G25

**Extended forecast** – A slight chance of showers tomorrow morning will give way to mixed skies during the afternoon. A chance of redeveloping showers will then be in place by Saturday evening with a lingering slight chance of showers holding through Sunday. Partly cloudy skies are expected by early next week. Low temperatures will range from the lower 40s to mid to upper 50s with highs ranging from the mid-60s to mid-70s. The strongest winds of the period are expected on Sunday when gusts to around 30 mph will be possible.
