**Today** – A very weak disturbance pushing out of Wisconsin will bring a period of increased clouds and could produce some sprinkles between 10am-1pm. Otherwise, a mix of sun and clouds can be expected throughout the day with temperatures reaching the lower 80s. Southerly winds will quickly increase this morning with gusts over 20 mph possible during the afternoon.

**Sunrise: 6:03am / Sunset: 7:44pm**

Temp (F)	72	81	87	89	85	80
Winds (mph)	SW 6-12	SW 5-10	Variable 5-10	Variable 5-10	NE 8-12	NE 8-14

**Tomorrow** – Hot and humid conditions return to Chicago, however they will be short-lived as a Lake Michigan influenced front arrives in the afternoon. Air temperatures likely approach 90 degrees with heat indices between 93-98F possible from 12-4pm. Winds are tricky with the approaching front. A southwest winds is favored through 12pm, then eventually becoming variable from 12-4pm. As the front arrives after 4pm, winds likely become northeasterly with a notable uptick in velocity.

**Sunrise: 6:04am / Sunset: 7:43pm**

Forecast prepared by meteorologist Kyle Koval.
