Winds (mph)	SW 10-15 G20	W 15-20 G25	NE 12-15 G20	ENE 15-20 G30

Extended forecast – High pressure will begin to shift east with dry weather continuing Friday with partly cloudy skies. The next cold front will drop south bringing the chance for showers Saturday, especially during the afternoon before stalling just south of the island on Sunday. This will produce mainly cloudy, breezy and cooler conditions Sunday with the chance for scattered showers lingering around the area. Rain will be likely again Monday morning as a wave of low-pressure moves along the stalled front.
