Tournament Fact Sheets for the PGA TOUR, LPGA, PGA TOUR Champions, Korn Ferry and Epson Tours and USGA and PGA of America championships can be found at: <https://www.gcsaa.org/media/tournament-fact-sheets>

Additional Notes

• Torrey Pines is hosting a GCSAA First Green event on the North Course with seventh-grade students from Millennial Tech on Monday, Jan. 23. The program will run from 10 a.m. to 1:30 p.m. near the 14th hole of the North Course. Media are invited to attend. To learn more about the event contact Mike Strauss at mstrauss@gcsaa.org or 785-865-8444. Learn more about First Green here: <https://www.thefirstgreen.org/>

• After a mild and dry summer, temperatures dropped to lows in the lower 40s and highs in the upper 50s to lower 60s following overseeding in October.

• "Following the holiday season, frequent rain events hit the property," said Devin Cullen, director of agronomy on Jan. 9. "We have seen years with precipitation totals much higher than what we are seeing, but it is the frequency and consistency that these storms have hit that has given the property little time to dry down. With a few rain events still projected between now and tournament, I'm expecting the course to play longer and thicker than it already does. Should be fun."

• This is the second straight year the tournament is scheduled for Wednesday through Saturday.
