Winds (mph)	SSW 6-12	SW 6-12	WSW 7-14	WSW 7-14	WSW 6-12	W 4-8

Today – Showers and thunderstorms are weakening and should dissipate over the next hour. Otherwise, mostly cloudy skies can be expected for the rest of the morning into the early afternoon. A few thunderstorms could redevelop mid to late afternoon along any boundaries left over from early this morning's storms. Temperatures will likely be held down due to the cloud cover with highs reaching the low 80s.

Sunrise: 615am / Sunset: 753pm Total Rainfall: 1.59". Additional Rainfall: 0.10-0.20"

Extended forecast – The front will stall across Mississippi on Friday keeping the higher chances for thunderstorms to the south of Memphis with partly cloudy skies expected. The stalled front will linger near the area through the weekend keeping the chance for showers and thunderstorms in the forecast. Otherwise, hot and humid conditions returns Friday through the weekend with highs in the low 90s. Heat Index values each day will make it feel like 103-105F during the afternoon hours.
