Temp (min/max)	56/65	48/72	43/62
Winds (mph)	SW→W 12-18 G25	WNW 10-15 G20	NE 10-15

**Extended forecast** – A approaching low-pressure system and associated cold front will bring a band of rain to the area early Saturday morning through midday before tapering off to scattered showers for the rest of the afternoon. Cannot rule out an isolated rumble of thunder, but this will mainly be a rain event. Drier conditions return by Saturday evening with partly cloudy skies and mild temperatures expected for Sunday. A weak cold front will move through the region Sunday evening with a slight chance of showers. Cooler temperatures return Monday with highs in the low 60s.
