Winds (mph)	Light & Variable	E/SE 5-10	E/SE 5-10	E/SE 5-10

**Extended forecast** – The weather pattern will begin to change this weekend as higher moisture levels begin to spread across southern Nevada. This should allow for spotty shower/T-storm development in the higher terrain surrounding Las Vegas Sunday/Monday. Regardless, dry conditions are expected to persist within the Las Vegas Valley, with slightly cooler temperatures and winds favoring an east/southeast direction this weekend.

Forecast prepared by meteorologist Kyle Koval.
