Winds (mph)	Light & Variable	E/NE 5-10	E/SE 5-10	SE 5-10	E/SE 5-10

Extended forecast – Dry and warm conditions will persist through Friday. Moisture levels will try to creep higher this weekend so isolated shower/T-storm development could occur over the mountains surrounding Las Vegas Saturday/Sunday. Given the proximity of the terrain, the forecast will maintain a 5% rain chance Saturday/Sunday, however any activity within the valley is extremely unlikely. Temperatures should trend slightly cooler this weekend with more cloud cover in place.

Forecast prepared by meteorologist Kyle Koval.
