Rest of Today – Mostly sunny skies will continue for the rest of the afternoon with a light breeze out of the east 5-10 mph. Mainly clear skies tonight with the very dry air and light wind will allow temperatures to cool quickly into the upper 60s this evening. Temperatures will cool further overnight into the low 60s by daybreak.

Extended forecast – High pressure will provide light winds and dry air over Oahu through Saturday keeping any shower development to a minimum. Mostly sunny skies can be expected each day; however, vog will likely return Friday and Saturday as the winds turn out of the south making for hazy conditions. The high will weaken and allow the trade winds to return Sunday that will bring a small chance for showers. The trades will weaken on Monday but can't rule out a few showers during the morning.
