Rain Amount (in)	< 0.10"	< 0.10"	0.00"
Temp (min/max)	Min: 48	48/58	49/64
Winds (mph)	NW 5-10	N/NW 8-14	N/NE 10-15 G20

Extended forecast – A weak wave of low pressure will track along the Gulf Coast tonight with the threat for showers increasing over southern Georgia. With the dry air currently in place across the area, confidence in shower coverage is still low. Regardless, the period between 12-8am Sunday is favored for any rainfall. Once the showers end later Sunday morning, dry but cloudy conditions are expected the rest of the day.

Forecast prepared by meteorologist Kyle Koval.
