Winds (mph)	NE→SW 4-8	SE 5-10	WSW 6-12	SW 5-10

Extended forecast – Increasing clouds can be expected through the day Friday as a warm front lifts northward into the region Friday night into Saturday. Showers are expected to develop across the area by late Friday evening with showers continuing into Saturday before tapering off late in the day. Mostly cloudy skies and isolated showers will linger across the area for most of the day Sunday before partly cloudy skies and more summer-like conditions return on Monday with highs in the low 80s.
