Extended forecast – Dry conditions are expected to continue through the day Saturday with increasing cloud cover as a cold front approaches. This front is expected to pass through Madison Saturday night with areas of showers likely. Instability levels are marginal for lightning, but a few rumbles of thunder can't be ruled out. The threat for showers should linger into Sunday morning but drying conditions are expected by the afternoon. Much cooler conditions will be in place with brisk northerly winds up to 25 mph.

Forecast prepared by meteorologist Kyle Koval.
