Temp (F)	72	71	68	67	65	62
Winds (mph)	SSW 20-30 G40	WSW 20-30 G40	W 20-25 G35	W 20-25 G35	W 15-20 G30	WNW 15-20 G30

**Today – Wind Advisory Until 4PM!** Cloudy and windy conditions will continue this morning with a slight chance for showers through early afternoon as the strengthening low-pressure system pulls away to the northeast. Winds of 20-30 gusting to 35-40 mph this morning will slightly decrease this afternoon to 20-25 gusting 30-35 mph. Warm and muggy conditions this morning in the low 70s will cool into the upper 60s during the afternoon as drier air overspreads the area from the west.

**Sunrise: 7:11am / Sunset: 5:32pm Total Rainfall the past 24 hours: 3.50-4.00"**

Monday	8am	10am	12pm	2pm	4pm	6pm
