Winds (mph)	NNE 3-6	NE 3-6	ENE 3-6	SE 4-8	SE 4-8	SSE 4-8

Today – Smoke from the Canadian wildfires will produce hazy conditions at times today. The smoke will not be as thick as Saturday, but you may have that slight burning smell on occasion. Otherwise, hazy sunshine can be expected today helping temperatures warm into the low to mid 70s this afternoon. The wind will remain light out of the northeast before shifting southeast late in the day.

Sunrise: 708am / Sunset: 733pm

Monday	8am	10am	12pm	2pm	4pm	6pm
Sky						
Weather	Sunny and breezy	Sunny and windy	Sunny and windy	Sunny, windy and warm	Partly cloudy and windy	Partly cloudy and windy
Rain Probability	0%	0%	0%	0%	0%	0%
Lightning Probability	0%	0%	0%	0%	0%	0%
Temp (F)	56	65	74	79	82	79
Winds (mph)	SSE 10-15	SSE 12-18 G25	S 15-20 G30	S 15-20 G30	S 15-20 G30	S 12-18 G25

Monday forecast – Sunny skies and southerly wind will pump warmer air northward across the state as we go through the day. Highs should reach the low 80s during the afternoon with skies becoming partly cloudy late in the day. The wind will be strong out of the south 15-20 gusting to 30mph as well.
