Temp (min/max)	60/69	54/65	50/62
Winds (mph)	ESE→W 6-12	NW 10-15	NW 10-15

Extended forecast – An area of low-pressure will develop along the coast Saturday pushing moisture into the Carolinas ahead of an approaching cold that will move through the area Saturday evening. Showers will be likely throughout the day with a slight chance for thunderstorms during the afternoon. The showers will push east by Saturday evening with much cooler air returning for Sunday. Mostly cloudy skies can be expected with highs only reaching the mid-60s Sunday afternoon. There will be a slight chance for showers Sunday evening as upper-level energy passes by.
