**Today** – A band of moderate rain is moving through the area this morning and is expected to become more scattered as we go through the late morning into the afternoon. An isolated thunderstorm will be possible during the early to mid afternoon, but the higher likelihood will be to our east today. Scattered showers are expected to taper-off between 3-5pm with a slight chance for showers remaining this evening as the cold front moves through.

**Sunrise: 7:20am / Sunset: 6:41pm Rainfall: 0.50"-0.75"** with locally higher amounts.
