Winds (mph)	Light & Variable	SSE-SE 5-10 G12-15	S 4-8	SSW 6-12 G15-20

Extended forecast – Dry conditions continue Saturday with high temperatures expected to reach the mid-80s. Warmth and humidity increase further Sunday which may lead to a few showers and even an isolated thunderstorm during the afternoon/evening hours. Winds will be southeasterly Saturday, light and variable in the morning then during the afternoon/evening reach sustained values up to 10 mph with intermittent gusts to 12-15 mph possible. On Sunday, southwesterly winds increase slightly sustained 6-12 mph with gusts to 15-20 mph likely, strongest during the afternoon.
