**Extended forecast** – Patchy fog is a possibility Saturday morning, with any visibility issues set to improve between 8-9am. A stray area of drizzle cannot be ruled out late Saturday afternoon. A few showers will become possible across the LA Basin Saturday night through daybreak Sunday, with up to 0.05" of rainfall expected. A lull or isolated coverage of showers is anticipated from daybreak Sunday through 12pm, while a few showers may develop in the afternoon. An additional 0.05" of rainfall could occur between 12-6pm Sunday. Rain is expected to increase overnight Sunday into Monday, with waves of moderate to heavy rain likely to occur through Wednesday. Rainfall of 2–4" is forecast through Wednesday.

Forecast prepared by meteorologist Joe Halvorson.
