| Winds (mph) | N 4-8 | NE 5-10 | NE 5-10 | ENE 7-14 | ENE 10-15 | E 10 |

Today – Another warm and muggy day can be expected with highs in the low to mid 80s. Scattered showers offshore are expected to move inland as we go through morning hours. Showers and a few thunderstorms will continue into the afternoon before tapering off this evening. Rainfall will be heavy at times, especially with thunderstorms.

Sunrise: 7:23am / Sunset: 7:08pm **Rainfall: 0.20"-0.40" with locally higher amounts.**

| Sunday | 8am | 10am | 12pm | 2pm | 4pm | 6pm |

| Winds (mph) | NE 4-8 | ENE 6-12 | ENE 6-12 | NE 6-12 | ENE 7-14 | NE 7-14 |

Sunday forecast – A weak cold front will drop south into SE Georgia/NE Florida as we go through the day. Increasing moisture from a developing low-pressure system in the Gulf will combine with Atlantic moisture to bring a good chance for showers and isolated thunderstorms through the day. Rainfall will be heavy at times, especially during the afternoon. Rainfall will likely average 0.50"-0.75" with locally higher amounts.

Forecast prepared by meteorologist Stewart Williams.
