Extended Forecast – Mostly cloudy skies are expected tonight with increasing chances for showers overnight into tomorrow morning as a cold front approaches the region. Showers could linger during the morning hours becoming mixed skies during the afternoon. Another wave of showers is expected Saturday morning giving way to mostly cloudy skies during the afternoon. Mostly sunny skies will then settle in on Sunday. Low temperatures will be in the lower to mid-40s to near 50F (6-10C) with highs in the lower to mid-60s (16-19C). The strongest winds of the period are expected on Saturday when gusts around 18 mph (29 km/h) will be possible behind the cold front.

Forecast prepared by meteorologist Marcus Hustedde.
