Extended Forecast – The chance for thunderstorms will remain across the region through the extended period with the potential for multiple waves to impact the same area. Rainfall amounts are expected to remain under a half of an inch from a specific wave. Overnight lows will be in the lower 70s with daytime highs reaching the upper 70s to lower 80s. Light and variable winds each morning will trend NW to NE with a few afternoon gusts to 15 mph possible, especially on Sunday.
