**Extended forecast** – Friday, dry and mostly sunny with highs near 90. Winds will be light from the northwest, reaching 10-15 mph at times in the afternoon. Saturday, mainly dry weather is expected to hold at the course with increasing clouds in the afternoon. However, we may need to watch for an isolated shower/t-storm in our vicinity Saturday afternoon/evening. An approaching trough of low pressure will increase the risk of a few isolated showers/t-storms on Sunday, mainly for the afternoon/evening. Any activity that does develop will move from southwest to northeast.
