**Extended forecast** – A stray shower cannot be ruled out after 3pm Tuesday afternoon. Light winds in the morning will increase to 8-13 mph in the afternoon from a westerly direction. A cold front will bring scattered areas of rain Tuesday evening through 10am Wednesday before the coverage turns isolated for the remainder of the day. Windy conditions are forecast throughout Wednesday, with north-northeasterly winds sustained between 20-25 mph along with gusts near 30 mph.

Forecast prepared by meteorologist Joe Halvorson.
