Temp (min/max)	51/81	61/85	63/71
Winds (mph)	SW 6-12	SW 12-15 G25	W→NW 15-25 G30-35

Extended forecast – High pressure will shift east allowing warmer and more humid conditions to return Saturday with highs in the low 80s. An area of low-pressure will push another cold front towards the state on Sunday. Hot and humid conditions can be expected ahead of the front with highs in the mid-80s. The chance for showers and isolated thunderstorms will likely hold off until late Sunday night and continue through Monday morning before conditions improve during the afternoon.

Forecast prepared by meteorologist Stewart Williams.
