

Scottish Open Forecast

8 AM Update

Sunday, 13 July 2025

Synopsis -

Areas of fog will linger through 9am then expect skies to become partly sunny with temperatures reaching 19C (66F). Winds will remain from the east-northeast and increase this afternoon. Areas of low clouds and fog will move up from the southeast later this afternoon and into the evening. Any low clouds will move out by midnight and skies will be partly cloudy overnight. A frontal system will approach tomorrow and expect winds to increase with rain likely by midday. Rain will become heavy at times in the afternoon with a slight chance for a thunderstorm.
