Masters Quotes

"Any time our studies indicate that the present policies can be improved, we will be quick to act. And, please believe me when I say letters such as the one you wrote are very helpful. Many of the changes adopted in the past were suggested by our loyal and keenly interested patrons."

— Clifford Roberts,
responding to a patron's letter

Masters Facts

The familiar Masters logo – a yellow silhouette of the continental United States with a flag atop a flagstick planted in Augusta, Ga. – greets members and visitors in two flowerbeds on a raised knoll known as Founders Circle at the end of Magnolia Lane.

Chrysanthemums fill the "maps" at the Club's fall opening before pansies take over just prior to Thanksgiving. They remain as the backdrop of the most photographed spot for patrons during the Masters before yielding to more heat-resistant marigolds.

Masters Quotes

"In order to duplicate the Augusta National, one would need to begin a hundred-year program. It was just about that long ago that plants and rare trees began arriving from various parts of the world."

— O.B. Keeler,
from a 1939 press release

Robert T. Jones, Jr.

Robert (Bobby) Tyre Jones, Jr., was born on St. Patrick's Day, March 17, 1902, in Atlanta, Ga. As a lifelong amateur, Jones dominated the game of golf from the early 1920s through 1930. From 1923 through 1930, Jones won 13 of the 21 major championships he entered. His record includes five U.S. Amateur Championships, one British Amateur Championship, four U.S. Open Championships and three British Open Championships. In 1926, he was the first man ever to win the Open Championship of both countries in the same year.

In 1930, Jones won the British Amateur on the Old Course in St Andrews, the British Open at Royal Liverpool in Hoylake, England, the U.S. Open at Interlachen Country Club in Minneapolis and the U.S. Amateur at Merion Golf Club in Ardmore, Pa., to capture golf's Grand Slam. In 11 of the last 12 Open Championships he played, nine U.S. Opens and three British, he finished first or second. At the age of 28, Jones retired from competitive golf except for playing yearly at the Masters.

Academically, Jones was equally successful. At Georgia Tech, he earned a B.S. degree in Mechanical Engineering, then completed a B.S. degree in English Literature from Harvard. He later entered Emory University to pursue a degree in law, passing the bar exam after his first year of school.

Off the golf course, Jones designed golf clubs, wrote four books, including *Bobby Jones on Golf*, hundreds of newspaper articles, and gave instructional performances in several movies. He helped found and make successful the Masters Tournament and Augusta National Golf Club, where he was named President in 1933 and remains President in Perpetuity.

He was married to the former Mary Malone and had three children, Clara Malone, Robert T. III, and Mary Ellen. On December 18, 1971, at age 69, Jones died of the spinal disease syringomyelia.

Clifford Roberts

Clifford Roberts was born on a farm in Morning Sun, Iowa, on March 6, 1894. Along with Bobby Jones, Roberts was the was the co-Founder of Augusta National Golf Club. Roberts served as Chairman of Augusta National from 1931 through 1976 and was named Chairman in Memoriam after his death on September 29, 1977. He was Chairman of the Masters Tournament from 1934 through 1976. An astute investment banker, Roberts made his mark on Wall Street as a partner with Reynolds & Company.

Club Founders Bobby Jones (left) and Clifford Roberts.

Under Roberts' direction, the Masters made numerous innovations that are now commonplace in golf. He changed the mound locations to give the gallery better viewing. He was the first to use a series of leader boards placed throughout the course. He also devised a system for showing the cumulative score of each player – red for under par and green for par and over par. Roberts was also instrumental in the first and subsequent Masters television broadcasts.

It was Roberts who, in 1948, encouraged the invitation of General Dwight Eisenhower to visit Augusta National and who later became a political and financial advisor to the President. Subsequently, Eisenhower became a member of the Club.

Roberts received many awards and honors during his lifetime, including service on the PGA Advisory Committee from its inception in 1943 until his death, appointment by the USGA to serve on the Bob Jones Award Selection Committee and enshrinement in the World Golf Hall of Fame in 1978. He was the author of *The Story of the Augusta National Golf Club*, published in 1976, and the subject of a book titled, *The Making of the Masters: Cliff Roberts, Augusta National, and Golf's Most Prestigious Tournament*, published in 1999.

History of Augusta National Golf Club

Upon his retirement from championship golf in 1930, Bobby Jones had hoped to realize his dream of building a golf course. Following a brief conversation with Clifford Roberts, with whom Jones had met several times during the mid-1920s, it was decided the Club would be built near Augusta, Ga., provided a suitable piece of land was available. According to Jones' plans, the course would use the natural advantages of the property and use mounds rather than too many bunkers. It was hoped the property would have a natural creek to use as a water hazard. Jones wanted this concept of golf course architecture to contribute to the game as well as to express his ideas about golf course design. This Club would be open during the winter season only.

Thomas Barrett, Jr., a mutual friend of Jones and Roberts, was consulted and recommended a 365-acre property called Fruitland Nurseries. The nursery, once an indigo plantation, was purchased in 1857 by Belgian Baron Louis Mathieu Edouard Berckmans, who was a horticulturist by hobby. Berckmans' son, Prosper Julius Alphonso, was an agronomist and horticulturist by profession, and the two formed a partnership in 1858. Operating under the name Fruitland Nurseries, the company imported many trees and plants from various countries. The Baron died in 1883, followed by Prosper's death in 1910, and the nursery ceased operations by the time its charter expired in 1918. A great variety of flowering plants and trees remained on the property, including a long row of magnolias, which were planted before the Civil War, and a plant Prosper popularized called the azalea.

Upon seeing the property from what is now the practice putting green, Jones said, "Perfect! And to think this ground has been lying here all these years waiting for someone to come along and lay a golf course on it." An option was taken on the property for $70,000. It was decided to establish a national membership for the Club, and Jones proposed Augusta National would be an appropriate name. Jones also decided in the planning stage that he wanted the renowned Dr. Alister MacKenzie to serve as the course architect since the pair held similar views. Before coming to Augusta, MacKenzie had designed two courses in California, Pasatiempo and Cypress Point. Construction on the new course began in the first half of 1931, and the course opened in December 1932 with a limited amount of member play. Formal opening took place in January 1933. MacKenzie died in January of 1934, two months before the first Masters Tournament.

History of the Masters Tournament

Looking to provide a service to golf by hosting a tournament, Bobby Jones and Clifford Roberts decided to hold an annual event beginning in 1934. The final decision was made at a meeting in New York at the office of member W. Alton Jones. Roberts proposed the event be called the Masters Tournament, but Bobby Jones objected thinking it too presumptuous. The name Augusta National Invitation Tournament was adopted and the title was used for five years until 1939 when Jones relented and the name was officially changed. An early decision was whether Jones would play or serve as an official. Jones preferred not to compete but was persuaded by the Club's members to join the field. In the 12 Tournaments that Jones played, his best finish was 13th in 1934.

Many decisions made in the early days of the Tournament remain today. Among these are the four-day stroke playing of 18 holes each day instead of the then customary 36 holes on the third day, eliminating qualifying rounds, roping the fairways, and denying permission for anyone except the player and caddie to be in the playing area. A complimentary pairings sheet and a spectator booklet were provided, and commercialization in any form of the Tournament was limited.

The first Tournament was held March 22, 1934, and beginning in 1940, the Masters was scheduled each year during the first full week in April. Horton Smith won that first Tournament, and in the fall of 1934 the nines were reversed. In 1935, Gene Sarazen hit "the shot heard 'round the world," scoring a double eagle on the par-5 15th hole, tying Craig Wood and forcing a playoff. Sarazen won the 36-hole playoff the following day by five strokes and in 1942, Byron Nelson defeated Ben Hogan 69-70 in an 18-hole playoff. The Tournament was not played the following three years, 1943, 1944 and 1945, during the war, but to assist the war effort, cattle and turkeys were raised on the Augusta National grounds.

The 1950s included two victories by Ben Hogan, and the first of four for Arnold Palmer. Palmer's 1958 win was when the term Amen Corner was coined. In 1960, the Par 3 Contest was begun, and in 1965-66, Jack Nicklaus became the first Masters champion to defend his title successfully. During the decade of the 1970s, the two Founders of the Masters Tournament passed away. The following decade, Spaniard Seve Ballesteros won twice and Tom Watson captured his second title. In 1986 at age 46, Nicklaus donned his sixth Green Jacket.

In 1997, Tiger Woods broke the Tournament's four-day scoring record that had stood for 32 years. In 2001, Woods won his second Masters and fourth consecutive professional major victory. He would go on to win his third and fourth Green Jacket in 2002 and 2005, respectively. Phil Mickelson collected his third Masters title in 2010 to begin the decade, followed by wins by another left-hander – Bubba Watson – in 2012 and 2014 and the Tournament's first Australian champion, Adam Scott, in 2013. In 2015, in only his second appearance, Jordan Spieth became the first Texan to win the Masters since 1995. His 18-under-par 270 matched Tiger Woods' 72-hole scoring record set in 1997. Woods won his fifth Masters title in 2019, 14 years after his fourth victory, and became the champion with the second-most Green Jackets, trailing only Jack Nicklaus (six).

The 2020 Tournament was postponed to November due to the global COVID-19 pandemic and conducted without patrons. Dustin Johnson became the first player to reach 20 under par and set a new Tournament scoring record with a total of 268. Five months later at the 2021 Masters, Hideki Matsuyama, a two-time winner of the Asia-Pacific Amateur Championship, became the first Japanese player to win a Green Jacket. In 2023, Jon Rahm became the fourth Spaniard to don the Green Jacket in between two Masters victories by World No. 1 Scottie Scheffler in 2022 and 2024.

Masters Quotes

"I shall never forget my first visit to the property which is now Augusta National. The long lane of magnolias through which we approached was beautiful. The old manor house with its cupola and walls of masonry two feet thick was charming. The rare trees and shrubs of the old nursery were enchanting. But when I walked out on the grass terrace under the big trees behind the house and looked down over the property, the experience was unforgettable. It seemed that this land had been lying here for years just waiting for someone to lay a golf course upon it."

Naming of the Holes

Site of the former Fruitland Nurseries, Augusta National abounds in the natural beauty of its trees and shrubs. It was Louis Alphonse Berckmans, son of P.J.A. Berckmans, who, along with Bobby Jones and Clifford Roberts, adorned each hole with the plant for which it was named.

At age 74, Louis returned to Augusta to help rehabilitate the trees and shrubs on the golf course. He was made a member of the Club and in approximately 1932, as a member of the Beautification Committee, decided where to locate the 18 varieties. Some were already in their proper location, but plants for the majority of the holes had to be planted.

It is estimated that, since the course was built, more than 80,000 plants of over 350 varieties have been added to the Augusta National landscape.

Amen Corner

The name Amen Corner refers to hole Nos. 11, 12 and 13. Amen Corner was first coined more than 60 years ago by Herbert Warren Wind in the April 21, 1958 edition of *Sports Illustrated*. He wrote that it was composed of the second half of hole No. 11, hole No. 12, and the first half of hole No. 13. Wind was searching for an appropriate name for the location where the critical action had taken place that year.

Saturday evening in 1958, heavy rains soaked the course. For Sunday's round, a local rule was adopted allowing a player whose ball was embedded to lift and drop it without penalty. Sunday on No. 12, Arnold Palmer hit his ball over the green and the ball embedded in the steep bank behind it.

Being uncertain about the applicability of the local rule, the official on the hole and Palmer agreed that the ball should be played as it lay and that Palmer could play a second ball which he dropped. Palmer holed out for a 5 with the original ball and a 3 with the second ball. The committee was asked to decide if the local rule was applicable and if so, which score would count.

At No. 13, still unsure of what his score was at 12, Palmer sank an 18-foot putt for eagle 3. When he was playing No. 15, Palmer was told his drop at 12 was proper and that his score on the hole was 3, leading to his first major victory.

Amen Corner is widely celebrated because of the imposing shots and drama these three holes present, such as those at No. 12.

Rae's Creek

Named after John Rae, who died in 1789, Rae's Creek flows at the back of No. 11 green and runs in front of No. 12 green and No. 13 tee. It was Rae's house that was the farthest fortress up the Savannah River from Fort Augusta. The house kept residents safe during attacks when the fort was out of reach.

Ornamentals

"The big oak tree" on the golf course side of the Clubhouse is a live oak, *Quercus virginiana*. It was planted when the building was completed in the late 1850s, making the tree approximately 160-170 years old. Several other live oaks were planted on the grounds about the same time. The "big oak" is one of the favorite gathering places during the Masters Tournament.

The privet hedge at the Club was developed from plants imported from France by the Berckmans. There are thousands of miles of privet hedge in the South which were propagated from this original source.

The wisteria vine, *Wisteria sinensis*, most noticeable on the *Aphananthe aspera* tree next to the Clubhouse, is reported to be one of the first wisteria to be established in the US. It is also believed to be the largest vine of its kind in the country.

The most abundant tree at Augusta National is the pine. The predominant specie is the Loblolly Pine, *Pinus taeda*, with a scattering of Shortleaf Pine, *Pinus echinata*, and Slash Pines, *Pinus elliottii*. There are also several Longleaf Pines, *Pinus palustris*, and Eastern White Pines, *Pinus strobus*, found on the property. Many of the pines found in the original forested part of the course are over 150 years old (e.g., hole No. 10), while many others were planted when the course was built (e.g., hole No. 3). Azaleas and dogwoods are also in abundance. There are over 30 varieties of azaleas, several strains of dogwood and dozens of varieties of ornamental shrubs on the grounds.

Surprisingly, there are a few palm trees on the course. At one point during the course's early years, hole No. 4 was called the Palm Hole.

Eisenhower Tree

Once located at hole No. 17, the Eisenhower Tree stood approximately 210 yards from the Masters tee and left-center of the fairway. The tree was removed in February 2014 following an historic ice storm that damaged most of the tree's major branches. The loblolly pine was approximately 65 feet high and approximately 100 years old. The former President of the United States and Club member hit into the tree so often he campaigned to have it removed. At a Club's governors meeting in 1956, Eisenhower proposed cutting the tree down. Clifford Roberts promptly ruled him out of order and adjourned the meeting. The pine was immediately linked to Eisenhower.

The Tournament

The Masters is strictly an invitation Tournament that is sponsored by a private organization. The qualification regulations are the principal means of determining the player invitation list, but such eligibility under these regulations does not oblige the Tournament Committee to issue an invitation, nor does failure to invite imply unfitness of any kind.

The player field being small, many Tournament formalities and regulations are eliminated. The first consideration is to provide a first class golf course in as beautiful and nearly perfect condition as effort can make it; and, secondly, to show our player guests every possible courtesy.

The chief objective of the Masters is to stage a golf show that is enjoyable to all – our members, patrons and player guests, and to interested golfers generally. We would also like, if we can, to contribute something to the advancement of the game.

Cut

Instituted in 1957. Beginning in 2020, the low 50 and ties qualify for the final 36 holes. From 2013-2019, the low 50 and ties and those within 10 strokes of the leader qualified. From 1962-2012, it was low 44 and those within 10 strokes of the leader. From 1957-1961, it was low 40 and ties.

Playoff

If there is a tie after 72 holes of play, a sudden-death playoff will commence at hole No. 18. Hole Nos. 18 and 10 will be played alternately until a champion is decided.

Masters Tournament Foundation

In 2007, then-Masters Chairman Billy Payne announced a new international initiative to utilize the Masters brand to further promote the game of golf. The multi-year, multi-faceted program began in 2008 with the introduction of the Junior Pass program, the first-ever Par 3 Contest telecast and new contemporary features on emerging Masters digital platforms.

In 2009, the Asia Pacific Golf Confederation, the Masters Tournament and The R&A announced the creation of the Asia-Pacific Amateur Championship to help promote the game of golf in this region. Beginning in 2010, an automatic invitation to the Masters was extended to the winner of the event. Japan's Hideki Matsuyama, winner of the 2010 and 2011 Asia-Pacific Amateur Championship, became the first alumnus of the event to win the Masters in 2021.

In 2013, the Masters Tournament, USGA and the PGA of America announced the formation of Drive, Chip and Putt – a free, nationwide junior golf development competition aimed at growing the game by focusing on the three fundamental skills employed in golf. By tapping the creative and competitive spirit of girls and boys ages 7-15, Drive, Chip and Putt provides aspiring junior golfers an opportunity to play with their peers in qualifiers around the country. Participants who advance through local, subregional and regional qualifying in each age/gender category earn a place in the National Finals, which is conducted at Augusta National Golf Club the Sunday before the Masters Tournament and is broadcast live by Golf Channel.

In 2014, the Masters Tournament, The R&A and the USGA announced the formation of the Latin America Amateur Championship in an effort to further develop amateur golf throughout South America, Central America, Mexico and the Caribbean. This Championship follows a model established by the Masters and The R&A at the Asia-Pacific Amateur Championship for the purpose of advancing the sport in that part of the world and creating heroes other aspiring golfers would emulate. Beginning in 2015, an automatic invitation to the Masters was extended to the winner of the Latin America Amateur Championship.

During his annual press conference at the 2018 Masters, Chairman Fred Ridley announced the creation of the Augusta National Women's Amateur, with the inaugural championship taking place the week prior to the 2019 Masters. The event was established to inspire greater interest and participation in the women's game by creating a new, exciting and rewarding pathway for these players to fulfill their dreams. An international field of 72 women amateurs compete over 54 holes of stroke play, with the first two rounds taking place at Champions Retreat in Augusta, Ga. A cut after 36 holes determines the leading 30 players and ties who advance to the final round at Augusta National Golf Club.

Green Jacket

The Augusta National member's green coat began in 1937. Jackets were purchased from the Brooks Uniform Company, New York City, and members were urged to buy and wear a Jacket during the Masters Tournament so that patrons would be able to identify a reliable source of information. Members were not initially enthusiastic about wearing the warm, green coat. Within several years, a light-weight, made-to-order Jacket was available from the Club's Golf Shop. Seventy-five years ago in 1949, the first Green Jacket was awarded to that year's Masters champion, Sam Snead. The single breasted, single vent Jacket's color is "Masters Green" and is adorned with an Augusta National logo on the left chest pocket. The logo also appears on the brass buttons.

Traditionally, the champion takes his Jacket home with him for one year, returning it to the Club when he returns for the Tournament. The Jacket is then stored at the Club and is available whenever the champion visits. Near the conclusion of the Masters, several Jackets are selected that could fit the possible winner during the presentation ceremony. The winner will have his measurements taken at the Club's Golf Shop, or may provide measurements so that a custom made Green Jacket can be tailored. Typically, a multiple winner will have only one Green Jacket unless his size drastically changes.

It is the custom at the Masters Tournament for the winner from the previous year to present the Green Jacket to the new winner and help him into it. In 1966, Jack Nicklaus became the first champion to win consecutive Tournaments. Bobby Jones recommended that Nicklaus act in a dual capacity and put on his own coat. Nicklaus proceeded to slip into his own Green Jacket, much to the enjoyment of the crowd.

In 1990, Nick Faldo became the second champion to win consecutive Tournaments. Chairman Hord W. Hardin assisted the winner into his Green Jacket. When Tiger Woods became the third champion to win consecutive Tournaments in 2002, Chairman Hootie Johnson assisted him into his Green Jacket.

Masters Club

Better known as the "Champions Dinner," the Masters Club began during the 1952 Tournament when defending champion Ben Hogan organized a dinner for all previous winners. At that time, he proposed the formation of the Masters Club with its membership limited to Masters champions. Honorary memberships were also extended to Bobby Jones and Clifford Roberts. Bill Lane, Hord Hardin, Jack Stephens, Hootie Johnson, Billy Payne and Fred Ridley have subsequently been added as honorary members.

Each year, the defending champion selects the menu and acts as host for the Tuesday night dinner. As his certificate of membership in the Masters Club, he receives an inscribed gold locket in the form of the Club emblem.

Awards and Trophies

MASTERS TOURNAMENT

The permanent Masters Trophy, which depicts the Clubhouse, was introduced in 1961. It was made in England and consists of over 900 separate pieces of silver. The trophy rests on a pedestal, and bands of silver provide space to engrave the names of the winner and runner-up.

CHAMPION

Name engraved on permanent Masters Trophy which remains at Club
Sterling Replica of Masters Trophy
Gold Medal
Green Jacket

In 1993, a sterling replica of the permanent Masters Trophy was first awarded to the champion, along with the Gold Medal.

RUNNER-UP

Silver Medal
Silver Salver

Since 1951, the runner-up has received a Silver Medal. In 1978, a Silver Salver was added as an award.

LOW AMATEUR

Silver Cup

In 1952, the Masters Tournament began presenting the Low Amateur with an award for his performance. In order to receive the award, the amateur must make the 36-hole cut. The Low Amateur Runner-up began receiving an award in 1954.

Beginning in 1954, participants could qualify for additional awards for outstanding feats during the Tournament. The first of these awards were:

DAY'S LOW SCORE
Crystal Vase

HOLE-IN-ONE
Large Crystal Bowl

EAGLE
Pair of Crystal Glasses

During the first round of the 1967 Tournament, Bruce Devlin made a double eagle on hole No. 8. This was the first double eagle since Gene Sarazen's on No. 15 in 1935. Clifford Roberts announced that a special trophy was ordered for Devlin, a large crystal bowl, but one would first be delivered to Gene Sarazen.

Augusta, the Song

In 1981, CBS introduced a new song during the Masters telecast. *Augusta*, written and performed by award-winning singer and songwriter, Dave Loggins, was inspired by a visit to the Club in 1980. His subsequent research on the exceptional features of the course, the traditions of the Tournament, and the legends of the game who competed in the Masters helped to compose a song that is still played today. In 2001, Loggins changed a line in the song to honor Tiger Woods.

AUGUSTA
(the Masters theme)

Well, it's springtime in the valley on Magnolia Lane
It's the Augusta National and the master of the game
Who'll wear that green coat on Sunday afternoon
Who'll walk that eighteenth fairway singing this tune
Augusta...your dogwoods and pines
They play on my mind like a song
Augusta...it's you that I love
And it's you that I'll miss when I'm gone.

It's Watson, Byron Nelson, Demaret, Player and Snead
It's Amen Corner and it's Hogan's perfect swing
It's Sarazen's double eagle at the fifteenth in Thirty-Five
And the spirit of a Tiger that keeps it alive
Augusta...your dogwoods and pines
They play on my mind like a song
Augusta...it's you that I love
And it's you that I miss when I'm gone.

It's the legions of Arnie's army and the Golden Bear's throngs
And the wooden-shafted legend of Bobby Jones

Structures

Augusta National Clubhouse

Masters Quotes

"It was indeed fortunate that we could preserve the original style of architecture. All of the buildings that are a part of the present complex follow the style dictated by the Clubhouse, and our members seem to think the general pattern is quite pleasing to the eye."

— Clifford Roberts,
excerpt from The Story of Augusta National Golf Club

Cabins

Located on the grounds of Augusta National are 12 cabins providing lodging for members and their guests. Seven cabins form a semicircle east of No. 10 fairway and west of the Par 3 course. The Eisenhower, Butler and Roberts Cabins are near the Clubhouse while the Payne and Johnson-McColl Cabins are located on the Par 3 course.

The Eisenhower Cabin was built in 1953 for President and Mrs. Eisenhower. The home was built to specifications of Presidential security, while providing daily conveniences. The President, prior to his death in 1969, visited Augusta National 45 times – five before becoming President, 29 while in office and 11 after his last term of Presidency. When Eisenhower was not in residence, the Cabin was used by other members.

In 1964, the Butler Cabin was built. One year later, it was used for the first time as a television studio for the broadcast of the Masters Tournament.

Clubhouse

The building that became the Clubhouse was constructed in 1854 by the owner of the then indigo plantation, Dennis Redmond. It was later used as the home of Baron Berckmans. It is considered the first cement house constructed in the South.

The concrete, "artificial rock," was made from lime obtained from a nearby source, with the gravel and sand coming from the property. Then, as now, the house had three floors, including an 11 by 11 cupola with windows on all sides. The ground floor and the second floor each had seven rooms approximately the same size, with a 10-foot wide hallway in the center. The house had no kitchen, the cooking being done in a separate small building at the southeast corner. Four fireplaces provided heat in the winter. Porches completely encircled the first and second floors. The walls of the house were 18 inches thick and had cracked in several places due to the Charleston earthquake in 1886.

Numerous changes and additions to the Clubhouse have been made – the addition of a bachelor wing, suites building, Trophy Room and kitchen in 1946; the construction of the golf shop in 1953; the building of the Grill Room in 1962; and the addition of the Founders Room in 2014. The Grill Room and locker room were remodeled in 2003 while the Trophy Room was remodeled in 2014. The Golf Shop was remodeled during the summer of 2021.

Content Center

The Content Center became fully operational during the 2022 Masters Tournament and replaced various offices that were used separately by the domestic and international broadcast partners of the Masters Tournament. This building houses the production, management and operations teams from both CBS and ESPN, international broadcast partners, as well as the Masters Digital team.

Crow's Nest

Available for amateurs wishing to be housed there during the Masters Tournament, the Crow's Nest provides living space for up to five individuals. Rising from the approximately 30 by 40 foot room is the Clubhouse's 11-foot, square cupola. The cupola features windows on all sides and can only be reached by ladder.

The Crow's Nest consists of one room with partitions and dividers that create three cubicles with one bed each, and one cubicle with two beds. There is also a full bathroom with an additional sink. The sitting area has a game table, sofa and chairs, telephone and television. Placed throughout the Crow's Nest are books on golf, and lining the walls are photos and sketches depicting past Masters and other golfing scenes. Players that were then amateurs who stayed in the Crow's Nest include Jack Nicklaus, Ben Crenshaw and Tiger Woods.

Press Building

The Masters has always endeavored to provide the best working conditions possible for members of the press who cover the Tournament. In the early years, accommodations included the upstairs of the Clubhouse and eventually transitioned to a tent near the No. 1 fairway. Beginning in 1953, the Quonset hut was erected and served the needs of the media until a new Press Building opened in 1990, standing four times the size of the previous structure. In 2017, a new facility was unveiled that once again improved upon the services historically provided to the media at the Masters Tournament.

First dedicated April 10, 1968, the Bartlett Lounge, now a full-service restaurant inside the Press Building, serves as a respite for media members working at the Masters Tournament. The golf editor for the Chicago Tribune for 35 years, Charles Bartlett was among the founders of the Golf Writers Association of America, serving as the group's secretary from 1946 until his death, November 6, 1967.

In the Tournament's early years, the media worked out of the upstairs of the Clubhouse.

Before the Press Building and Quonset hut, members of the media (shown here in 1951) reported from a tent.

The Quonset hut served as the hub for press covering the Tournament from 1953-1989.

From 1990-2016, a Press Building just off the first fairway housed the media at four times the size of the Quonset hut.

The current state-of-the-art Press Building opened in 2017.

Magnolia Lane

Large magnolia trees have framed the entryway to Augusta National Golf Club – now known as Magnolia Lane – since its founding. Most were planted as seeds by the Berckmans family, dating back to approximately the late 1850s. Magnolia Lane, which was paved for the first time in 1947, is approximately 330 yards long, extending from the entrance gate to the Clubhouse.

Bridges

There are three named bridges at Augusta National Golf Club. Below are the inscriptions on plaques at each of these bridges.

The Hogan Bridge at No. 12 Green:

Hogan Bridge

THIS BRIDGE DEDICATED APRIL 2, 1958, TO COMMEMORATE BEN HOGAN'S RECORD SCORE FOR FOUR ROUNDS OF 274 IN 1953. MADE UP OF ROUNDS OF 70, 69, 66 AND 69, THIS SCORE WILL ALWAYS STAND AS ONE OF THE VERY FINEST ACCOMPLISHMENTS IN COMPETITIVE GOLF AND MAY EVEN STAND FOR ALL TIME AS THE RECORD FOR THE MASTERS TOURNAMENT.

The Nelson Bridge at No. 13 Tee:

Nelson Bridge

THIS BRIDGE DEDICATED APRIL 2, 1958, TO COMMEMORATE BYRON NELSON'S SPECTACULAR PLAY ON THESE TWO HOLES (12 - 13) WHEN HE SCORED 2-3 TO PICK UP SIX STROKES ON RALPH GULDAHL AND WIN THE 1937 MASTERS TOURNAMENT. IN RECOGNITION ALSO TO GULDAHL, WHO CAME BACK WITH AN EAGLE 3 ON 13 TO GAIN WINNING POSITION IN 1939.

The Sarazen Bridge at No. 15 Green:

Sarazen Bridge

ERECTED TO COMMEMORATE THE TWENTIETH ANNIVERSARY OF THE FAMOUS "DOUBLE EAGLE" SCORED BY GENE SARAZEN ON THIS HOLE, APRIL 7, 1935, WHICH GAINED HIM A TIE FOR FIRST PLACE WITH CRAIG WOOD AND IN THE PLAY-OFF WON THE SECOND MASTERS TOURNAMENT.

DEDICATED APRIL 6, 1955

Ike's Pond

It was during his second visit to Augusta National that General Eisenhower walked through the woods on the eastern part of the Club's property. Upon his return, he informed Clifford Roberts that he had found a perfect place to build a dam if the Club ever wished to have a fish pond. Ike's Pond was promptly built and named, and the dam was located exactly where Ike suggested it should be placed, with the construction engineer concurring with the location. The Pond occupies three acres and is fed by a spring.

Record Fountain

Dedicated in 1959, the 25th anniversary of the Masters, a multiple unit drinking fountain was unveiled to accommodate Tournament patrons. Previously positioned left of No. 17 green, it was relocated in advance of the 2024 Masters Tournament adjacent to the Tournament Practice Area. The hexagonal Record Fountain displays a progression of course records, along with the names and scores of Masters Tournament winners.

Par 3 Fountain

Similar in design to the fountains on the Augusta National Golf Club grounds, the Par 3 Fountain was located adjacent to the No. 1 tee on the Par 3 course before being moved adjacent to No. 7 in advance of the 2023 Masters Tournament. On this fountain is a list of Par 3 Contest winners beginning with Sam Snead's inaugural victory in 1960.

Arnold Palmer Plaque

The Arnold Palmer Plaque was dedicated April 4, 1995, commemorating Palmer's play and contributions to the Masters. At the time of his retirement from Masters competition in 2004, Palmer had played in 50 consecutive Masters, with his first appearance coming in 1955. His four Masters victories, 1958, 1960, 1962 and 1964, are chronicled on the bronze plaque that is affixed to a drinking fountain behind No. 16 tee.

ON SUNDAY, APRIL 6, 1958, ARNOLD PALMER EAGLED THE 13TH HOLE, FORCING THE LAST CONTENDERS TO TRY TO TIE WITH BIRDIE PUTTS. THEY MISSED. AT AGE 28 ARNOLD HAD HIS FIRST MASTERS VICTORY.

ON SUNDAY, APRIL 10, 1960, PALMER BIRDIED 17 AND 18 TO WIN HIS SECOND MASTERS TITLE BY ONE STROKE.

ON SUNDAY, APRIL 8, 1962, PALMER BIRDIED 16 AND 17 TO TIE GARY PLAYER AND DOW FINSTERWALD FOR FIRST PLACE. IN MONDAY'S PLAYOFF HE SCORED 31 ON THE SECOND NINE TO WIN HIS THIRD MASTERS TITLE.

IN APRIL 1964, PALMER SCORED ROUNDS OF 69-68-69-70 TO WIN BY SIX STROKES AND BECAME THE FIRST FOUR-TIME WINNER OF THE MASTERS.

ARNOLD PALMER HAD CHANGED THE GAME OF GOLF WITH THOSE HEROIC CHARGES AND APPRECIATIVE LEGIONS OF FANS FORMED AROUND HIM. THEY WERE CALLED "ARNIE'S ARMY".

DEDICATED APRIL 4, 1995

Jack Nicklaus Plaque

In honor of his play and contributions at the Masters, a plaque was dedicated on April 7, 1998, to six-time Masters champion Jack Nicklaus. The Nicklaus Plaque is affixed to a drinking fountain between hole Nos. 16 and 17.

IN 1963, JACK NICKLAUS, 23, WON HIS FIRST MASTERS TITLE AND BECAME THE TOURNAMENT'S YOUNGEST CHAMPION AT THAT TIME.

IN 1965, NICKLAUS SET TOURNAMENT RECORDS FOR SCORING (271) AND MARGIN OF VICTORY (NINE STROKES), INCLUDING A RECORD-TYING 64 IN THE THIRD ROUND. OF THIS PERFORMANCE, BOB JONES SAID, "JACK IS PLAYING AN ENTIRELY DIFFERENT GAME – A GAME WITH WHICH I'M NOT FAMILIAR."

NICKLAUS WON A THREE-WAY PLAYOFF IN 1966 AND BECAME THE FIRST CHAMPION TO SUCCESSFULLY DEFEND HIS MASTERS TITLE.

WITH HIS VICTORY IN 1972, NICKLAUS BECAME THE SECOND FOUR-TIME MASTERS CHAMPION.

DURING SUNDAY'S DRAMATIC FINAL ROUND IN 1975, NICKLAUS SANK A 40-FOOT BIRDIE PUTT AT NO. 16 THAT SECURED A ONE-STROKE VICTORY, EARNING HIM AN UNPRECEDENTED FIFTH GREEN JACKET.

IN 1986, AT AGE 46, NICKLAUS SCORED A FINAL ROUND 65, WHICH INCLUDED EAGLE-BIRDIE-BIRDIE AT HOLES 15, 16 AND 17, AND WON HIS SIXTH MASTERS. AT THAT TIME HE WAS THE OLDEST CHAMPION.

JACK NICKLAUS ELEVATED HIS GAME TO MEET GOLF'S CHALLENGES, INCLUDING THOSE AT THE MASTERS TOURNAMENT. THE MAN AND AUGUSTA NATIONAL GOLF CLUB WILL BE FOREVER LINKED.

DEDICATED APRIL 7, 1998

Par 3 Contest

The Par 3 Contest is annually played on the Wednesday prior to the Masters Tournament.

Masters Quotes

"I agree completely that the construction of this golf course will be an important contribution to the beauty of the place. The Par 3 would give us a pretty complete golfing layout."

— Bobby Jones,
in a letter to Clifford Roberts regarding architect George W. Cobb's plan for the Par 3 course

Par 3 Contest

First played in 1960 and won that year by Sam Snead, the Par 3 Contest has become a Wednesday tradition at the Masters. The Par 3 course was originally designed in 1958 by architect George Cobb and Clifford Roberts. Tournament participants and non-competing past champions are invited to participate in the Contest. The nine-hole course is par-27, 1,090 yards and played over DeSoto Springs Pond and Ike's Pond. In 1987, the current hole Nos. 8 and 9 were added over Ike's Pond, taking the place of hole Nos. 1 and 2 of the original course in the Par 3 Contest. In 2022, hole Nos. 1-5 of the Par 3 course were rerouted, allowing more golf holes to be adjacent to DeSoto Springs Pond and for the dam and pond to be reshaped and restored, while also increasing patron viewing options and capacity.

In the history of the Contest, there have been 112 holes-in-one made, including a record nine in 2016. Five holes-in-one were made in 2024. No Par 3 Contest winner has won the Masters the same year as his short-course victory, and only Ben Crenshaw and Vijay Singh have gone on to win the Masters after winning the Par 3 Contest. There have been 21 sudden-death playoffs. Art Wall (1965) and Gay Brewer (1973) shared the course record of 20 until 2016 when Jimmy Walker recorded an eight-under-par 19.

The Par 3 Contest is partially played over Ike's Pond and DeSoto Springs Pond, the latter shown here behind the green of No. 3.

An Interview With:

Scottie Scheffler

THE MODERATOR: Good evening, ladies and gentlemen. It's a privilege to welcome our 2024 Masters champion, Scottie Scheffler.

Scottie, congratulations on your great victory. Two years after your breakthrough here at Augusta National, here you are again in a Green Jacket as a two-time Masters champion.

Can you describe your emotions as you hit your final putt today?

SCOTTIE SCHEFFLER: Yeah, I'm glad I brought my stroke average, my putting average down on 18. That was nice.Down to, you know, five strokes, 2.5 is my average, so that's not bad.

No, it's hard to put into words how special this is. It's been a long week, a grind of a week. The golf course was so challenging, and to be sitting here wearing this Jacket again and getting to take it home is extremely special.

Q. Two-part question. One, I see you've got some kinesiology tape on. I assume that's from your neck. And two, how was this Sunday morning different than the Sunday morning two years ago?

SCOTTIE SCHEFFLER: Yeah, the Sunday morning was definitely different. Yeah, instead of just me and Mer at the house, I just had a couple of my buddies with me, and we sat and relaxed. Tried not to think about golf, but it was increasingly difficult. But, you know, they were a great support for me this morning. And, yeah, it was a long morning, but it was well worth it. I'm glad to be sitting here now.

Q. Your rivals will be hoping that at some point you're going to take your eye off the ball. By the time of the next major in a month's time, you'll have a baby in your arms. What are the chances that you will take your eye off the ball?

SCOTTIE SCHEFFLER: Well, I'm definitely not going to intentionally take my eye off the ball. I will go home, soak in this victory tonight. Will definitely enjoy the birth of my first child. But with that being said, I still love competing. My priorities will change here very soon. My son or daughter will now be the main priority, along with my wife, so golf will now be probably fourth in line.

But I still love competing. I don't plan on taking my eye off the ball anytime soon, that's for sure.

Q. What do you consider the most important shot you hit today?

SCOTTIE SCHEFFLER: The most important shot? I would say the best momentum turner that I had today was the birdie putt on 8. I hit two really good shots in there long of the green. I had an extremely difficult pitch that I hit up there about 10, 12 feet from the cup. It was a challenging read because it turned early and it was really straight at the end. So it was a putt that you had to really start on line and hope it held its line. I poured that one in.

Then kind of gave me some good momentum, and I used that to birdie 9 and 10 and keep pushing because I knew there were birdies out there on back nine. I had a lot of really talented players trying to chase me down, and I knew pars weren't going to get it done.

Q. Can you explain the difference of how it feels emotionally between four-putting of the last green and one-putting?

SCOTTIE SCHEFFLER: One-putting is significantly easier. Yeah, I tried not to let my emotions get the best of me this time. I kept my head down. I don't think I even took my hat off and waved to the crowd walking up 18. I did my best to stay in the moment, and I wanted to finish off the tournament in the right way. And I got to soak it in there after one-putting instead of four-putting, which was a little bit better.

Q. Collin was talking about how much farther you were than him on a couple of holes and how much of an advantage that is. Do you see it as a massive mental advantage when you are 50, a hundred yards ahead of Collin?

SCOTTIE SCHEFFLER: I don't know if I was that far ahead. Collin maybe exaggerated a little bit. I drove the ball really well this week. I was hitting it hard. Today was a day where I was able to swing freely.

And around this place, I mean, distance is very important around this golf course. The fairways are fairly wide, and when the greens are this firm, you have to have short clubs going into these greens, especially with the little areas there are to where they put the pins.

And so I would say I was swinging a bit harder this week than I would in a normal PGA Tour event just because there's a bit more room off the tee. At a regular Tour stop or U.S. Open or something like that, my tee height may be a little bit lower and I might be hitting more different types of shots, but a lot of the drives I hit this week I was just teeing it high and hitting it hard. That's pretty much it.

Q. I know you said you kept your head down all day, basically, but at any point did you allow yourself to enjoy the lead you had?

SCOTTIE SCHEFFLER: Enjoy the lead? No. I think, just like any human would, your mind starts to wander a little bit out there on the golf course. I mean, we're out there for four or five hours at a time. You got to let your mind wander. I tried to soak in stuff around me today. I looked up at the trees at times. I looked up at the fans occasionally to try to soak in some of their energy.

But did not ever let myself get attached to the lead. I just tried to keep pushing. I mean, I think if I would have played a little bit defensively it would have been a significantly different finish. I went for the green in two on 13, was able to make birdie. I attacked the pin on 14 and was able to make birdie. Went for it again on 15 and made a nice par, and I hit a really good shot on 16 to make birdie.

If I was just trying to make pars the whole back nine, I would have been standing on 18 having to make par and hoping Ludvig would only make a par.

Around this golf course you have to stay aggressive. You have to hit the right shots. There's no way around it out here. You can't play too defensive, and you can't play too aggressive. You just have to hit the right shots. And fortunately today I was able to do that.

Q. You say constantly the identity is not in your golf scores. What is it about winning and competing that you find satisfying?

SCOTTIE SCHEFFLER: You know, that's a really good question. I was sitting around with my buddies this morning, I was a bit overwhelmed, I told them, I wish I didn't want to win as badly as did I or as badly as I do. I think it would make the mornings easier.

But I love winning. I hate losing. I really do. And when you're here in the biggest moments, when I'm sitting there with the lead on Sunday, I really, really want to win badly. And my buddies told me this morning, my victory was secure on the cross. And that's a pretty special feeling to know that I'm secure for forever and it doesn't matter if I win this tournament or lose this tournament. My identity is secure for forever.

Q. I'm wondering, what did you learn about leading at this golf course from your previous Masters win to this one?

SCOTTIE SCHEFFLER: I think it's a difficult golf course to close out a win on. Like I said, you can't play overly defensive. Like 12 is a good example of a hole where if you play overly defensive, like where the pin is today, you're trying to hit right over that bunker, right in the middle of the green. And if you pull it, for a righty, it goes further.

You could see Max Homa in the group in front of us maybe pulled his a touch, and it flies into the bushes long. I've hit it in the bushes long there multiple times. You can't just sit up there and play overly defensive. You have to play to the correct spot and hit really good golf shots.

I did that to the best of my abilities today and was fortunately able to hit some really key shots and make some nice birdies there on the back nine. Really, from hole 8 on, I played really, really nice golf.

Q. Speaking about your faith there, could you just tell us a bit about how much it features in your head when you're actually out there on the course? Does it help you cope with the sort of vicissitudes of the wind and things like that, bad breaks?

SCOTTIE SCHEFFLER: Yeah, I mean, I believe that today's plans were already laid out many years ago, and I could do nothing to mess up those plans. I have been given a gift of this talent, and I use it for God's glory. That's pretty much it.

So when I'm out there, I try to compete to the best of my abilities. Like I said, I really want to win. I feel like that's how I was designed. I've been that way since I was a young kid. That's always been a part of me, and I don't think that should be going away anytime soon. I don't think there's anything wrong with that either.

At the end of the day, like I said, my identity is secure already, and I get to come out here and compete, have fun, enjoy it; and then at the end of the day, win or lose, my identity is secure.

Q. How much do you struggle with the idea of discontentment, of needing -- whether it's more wins, more money, more fame to be satisfied, and when do you find yourself most content?

SCOTTIE SCHEFFLER: Gosh, that's a good question. I feel like playing professional golf is an endlessly not satisfying career. For instance, in my head, all I can think about right now is getting home. I'm not thinking about the tournament. I'm not thinking about the Green Jacket. I'm trying to answer your questions and I'm trying to get home.

I wish -- I wish I could soak this in a little bit more. Maybe I will tonight when I get home. But at the end of the day, I think that's what the human heart does. You always want more, and I think you have to fight those things and focus on what's good.

Because, like I said, winning this golf tournament does not change my identity. My identity is secure, and I cannot -- cannot emphasize that enough.

Q. You mentioned you know your life is going to change coming up. What are you looking forward most to about being a dad?

SCOTTIE SCHEFFLER: Well, looking forward to the next couple weeks. Hopefully getting a bit of sleep and a couple months of probably not getting any sleep.

No, but I mean, I'm excited. I think -- it's funny. When you get married, a lot of people tend to make jokes about like, oh, your life is over, yada, yada, yada. My friends were always very excited for me to get married, but you get some people offhand just making jokes and stuff like that.

When it comes to having a kid, every single person says that it changes your life and it's the most special thing in the world, so I cannot -- marriage has been such a tremendous aspect of my life, I cannot even imagine what being a parent is going to be like.

Q. You seem like you're in total control right now of your game, in the zone, whatever it might be. How do you feel out there, and do you feel like you're playing your best golf right now?

SCOTTIE SCHEFFLER: I feel like I'm playing really good golf right now. I feel like I'm in control of my emotions as I've ever been, which is a good place to be. I feel like I'm maturing as a person on the golf course, which is a good place to be.

I think it's hard to argue with the results of the last few weeks. I've been playing some nice golf. But I really try to not focus too much on the past. I'm going to go home this week and reflect on this week and soak it in as best I can. Like I said, it's not -- it's not a very satisfying sport because I'm supposed to tee it up again on Thursday.

Back to the grind pretty quick.

Q. Was there anything Meredith said to you this morning that helped you on your way to victory today?

SCOTTIE SCHEFFLER: She just asked me if she could pray for me. And I actually wasn't able to talk to her very long this morning which was unusual. She sent a lot of prayers. My neck was bugging me a little bit. Just prayed for some healing and prayed for a lot of peace out there. I had a good conversation with my buddies this morning about the victory and that victory already being secure.

So, yeah, it was -- it was a longer morning, again, than anticipated this year, but I would say it wasn't as long as it was a couple years ago, but still a long morning.

Q. Is that the only time your neck bothered you this week, this morning?

SCOTTIE SCHEFFLER: Yeah, I think when you get stressed out, your body just reacts to it, whether or not it's a stomachache or your body starts aching. I think my body was just reacting to the stress. And, yeah, that's pretty much it.

Q. Can you take us back to the decision that you and Randy made to hire Phil Kenyon and what that meant to you at the time and what it means now?

SCOTTIE SCHEFFLER: After East Lake last year, ride home on the plane, sitting there talking to Blake, and we kind of look at each other, and I think we both were thinking the same thing. And we both looked at each other, and I was like,"You know, I want to see a putting coach."

Blake goes, "I think that's a good idea. Let's talk to Randy." I had watched Phil before and watched him coach players. When you're out here as long as I've been, I just see stuff, and I loved the way Phil coached his players. You look at a guy like Fitzy who lines up his putts and uses a putter that has a lot of swing to it, and you look at a guy like Keegan Bradley, doesn't use a line on the ball, uses a big giant putter cross-handed, and he putts good.

As I watched Phil, I could tell that he was open-minded, and that's the type of people I like to work with. And we kind of hit the ground running in the fall. I can't speak highly enough of the decision that Randy also made to be open-minded, not take an ego to it, sit there, watch us work, watch Phil do his thing.

Phil is also a guy that doesn't have a big ego. He just wants what's best for his players. I'm really, really fortunate to have those two guys as part of my team.

I can't -- it's hard to -- it's hard to describe what it's like, having somebody -- Randy had taught me for almost 20 years every single aspect of the game. And so for me to have to bring in somebody else could have been a shot to his ego and he may not have wanted me to do it. But Randy sat there and he said, "You know what, I think it's the right time."

We called Phil, and about a week later he came in, had a visit. We worked for a couple days, and, yeah, now we're here.

Q. I just wondered, when you talk about your own parents and your upbringing if there was one thing from that that you will definitely use when you become a father? And also how long you think you're going to leave it until you put a plastic club in the baby's hand?

SCOTTIE SCHEFFLER: I guess starting with my upbringing, you know, my parents always wanted what's best for me. I swear my dad, I think, would lay in front of traffic if it means that I wouldn't get a scratch on my arm. He would -- would he die for any of his kids. I mean, both my parents would. They are such special people.

First and foremost, I think how much love they had for us

growing up. I mean, that's what I'm looking forward to most, I think, about being a parent is being able to love, love my child like my parents loved me.

How long will it take me to put a plastic club in my kid's hands? You know, it's funny. I watch my nephew a lot. My older sister had her first child, and he turns two in June.Some people want to be like their parents and some people don't want to be like their parents, and Hayes is a kid that wants to be just like his dad, and his dad loves grass, and I got a video from my sister the other day of Hayes following his dad around in the backyard. His dad was mowing the lawn, and Hayes was following him with his plastic lawn mower. And Andrew loves to play golf; Hayes loves to play golf.

What's my kid going to like? Who the heck knows. Who knows what they will pick up on. But whatever it is, you know, I'm just -- I just want to be there to support them. Doesn't matter what they are doing.

Q. When you look across your game and the week as a whole, what do you think you did best?

SCOTTIE SCHEFFLER: I would say the two aspects of my game that were probably the best were short game and driving. I think probably short game being the most. I mean, just looking at a day like today, first two holes, or first three holes, really, for that matter, first hole, Teddy and I got the wind completely wrong. I hit a good shot, and we missed our target by like 25 yards.

And that's the kind of stuff that happens around here. But I was -- hit a nice chip up there to about four or five feet, knocked it in.

No. 2, we get the wind wrong again. Didn't hit a great shot, but I didn't hit that bad of a shot. It should have still been on the green, and instead I airmail and now I'm in a really tough spot and hit another really good pitch to about four or five feet.

On No. 3, hit a good drive, ends up there in the bunker, and it's not an easy bunker shot. You're going up the slow direction, but the bunker is extremely deep. And hit a great bunker shot there to about three feet, knocked that one in.

I think probably the short game was most important.

Q. You are doing some remarkable things right now. I know it's a humbling game, but you haven't had one round over par the entire year, you win your second major here. Can you talk about what's allowing you to play so well? You talk to the other golfers, they say you're here and the rest of them start there. Do you sense that you're doing something different and something special right now?

SCOTTIE SCHEFFLER: I try not to think about the past or the future too much. I love trying to live in the present. I've had a really good start to the year, and I hope that I can continue on this path that I'm on.

I'm going to continue to put in the work that's got me here. I mean, yeah, that's pretty much it. I'm going to continue to put in the work, keep my head down. I like, when I step up on the tee at a tournament, being able to tell myself that I did everything I could to play well and the rest isn't up to me.

So when I step up on the tee next week, I'm going to be thinking about the preparation, what it took to get there, and then I'm going to go out and just try and play as freely as possible.

Q. Were any of these things impressive to you, the no round over par this year?

SCOTTIE SCHEFFLER: No rounds over par is great. I hate shooting over par. I can't tell you how much I hate shooting over par. It's nice to not experience that yet this year.

Q. Have you talked to Meredith yet, and what was her setup for watching today?

SCOTTIE SCHEFFLER: I did FaceTime her. Although it was very brief. She was at her aunt's house. They just built a new house in Dallas where she actually stayed most of this weekend, and so they had a nice little group there watching. I saw maybe seven or eight people in the background.

But honestly my head has been spinning since I got off the tee. I can't even really tell you who was in the film or in the video other than Meredith.

Q. When you take a look back at your win here in 2022 and your win here today, what stands out most to you between getting your first Green Jacket and your second, other than just adding a Green Jacket to the collection?

SCOTTIE SCHEFFLER: Yeah, I think, when I look at the tournament from two years ago, I built myself a lead on Friday afternoon and was able to -- cruise isn't really the right word for how it went over the weekend, but I was able to play with the lead and play comfortably, whereas this week I felt like I was battling the whole week.

Go out there on Thursday, and it was so windy, and was able to shoot a great score. And then the next two days were really just a fight. I mean, I was fighting this golf course the last couple days.

I think it was Friday afternoon we went out, I can't even describe to you how difficult the conditions were. I mean, I hit driver, 3-iron -- so 15 was into the wind on Thursday, and I hit driver, 3-iron on the green. 15 was into the wind again today, and I hit driver, 4-iron onto the green, and I took some off the 4-iron. On Friday afternoon I hit driver, 3-iron, and I had 70 yards left to the pin. It was insane how windy it was.

And it was just a battle. It was a long week. I had to battle some ups and downs. And, you know, I'm very fortunate to be sitting here with you, but, yeah, it was a different type of week.

Q. When you got on the back nine, was there any point you decided no matter what, I'm not leaving? Even if you got a call?

SCOTTIE SCHEFFLER: I was like, What are you talking about? (Laughter) Of course I'm not leaving.

No, no, you know, I guess that's a testament to what good -- how good of a head space I was in. I wasn't thinking about it that much. I was doing my best to stay in the moment, stay calm, execute shots.

I was very focused out there today. I felt like I did a really good job. Teddy did a great job of making sure that we kept the golf course in front of us. I didn't get off to the best start, but I had some key up-and-downs, and Teddy once again did a great job of keeping me in it.

Yeah, we had a great week.

THE MODERATOR: Well, Scottie, before we go, can you take us through which clubs you used when you made your birdies and bogeys today so we have that for the historical record?

SCOTTIE SCHEFFLER: Okay. Birdies and bogeys. So No. 3, I used a driver and a lob-wedge and a putter. No, I -- and then I bogeyed on 4. I hit a 3-iron over the green.

Parred 5.

Parred 6.

7 was unusual because I hit driver, 4-iron, lob-wedge and missed the putt for par.

No. 8 was driver, 3-iron, lob-wedge.

No. 9 was driver, lob-wedge.

10 was driving, pitching wedge.

11 was a bogey. That was driver, 7-iron, lob-wedge.

13 was driver, 4-iron.

14 was 3-wood, wedge.

16 was an 8-iron.

And then -- yeah, the rest pars.

THE MODERATOR: Well, Scottie, thank you, and congratulations on your incredible second Masters.

SCOTTIE SCHEFFLER: Thanks, y'all, appreciate it. See y'all.

2017 Masters Tournament
April 6-9, 2017

Cut: 53 players at seven-over-par 150 from a starting field of 93

Summary: In his 19th Masters appearance, Sergio Garcia won his first major championship, prevailing in a playoff against Justin Rose. The two began the final round tied for the lead and, after a thrilling stretch over the second nine, both finished at nine-under 279. Rose hit an errant tee shot on the first playoff hole (No. 18) before Garcia sank a 12-foot birdie putt to win his first Green Jacket on what would have been the birthday of his idol and two-time Masters champion Seve Ballesteros. Garcia set the record for most starts by a Masters champion before his first victory.

2016 Masters Tournament
April 7-10, 2016

Cut: 57 players at six-over-par 150 from a starting field of 89

Summary: Danny Willett won the Masters in his second attempt on what was the due date of his first child, who had arrived 10 days earlier. Three strokes behind Jordan Spieth entering the final round, Willett opened the door with birdies at Nos. 13 and 14 as Spieth bogeyed Nos. 10 and 11. After a quadruple bogey on No. 12 by Spieth, Willett found himself with a three-stroke lead and finished with a bogey-free 67 to become only the second Englishman to wear the Green Jacket.

2014 Masters Tournament
April 10-13, 2014

Cut: 51 players at four-over-par 148 from a starting field of 97

Summary: Bubba Watson won his second Masters in three years as he became the 17th player to win the Tournament multiple times and the first winner out of the final pairing since 2010. After entering the final round tied for the lead with Jordan Spieth, the left-hander went birdie-birdie on Nos. 8 and 9 (as Spieth bogeyed each) to gain a two-stroke advantage that he would never relinquish.

2012 Masters Tournament
April 5-8, 2012

Cut: 63 players at five-over-par 149 from a starting field of 95

Summary: At 10-under-par 278, the self-taught Bubba Watson, 33, ended regulation tied with South Africa's Louis Oosthuizen, who earlier in the day had recorded a double-eagle on the par-5 second hole. In the end, the defining shot wasn't Oosthuizen's. Rather, it was Watson's on the second playoff hole. A high, hooking and improbable wedge shot from 164 yards through the overhanging trees to the right on the 10th fairway miraculously came to rest on the putting surface. Two putts later, Watson became the fifth left-handed Tournament winner in the past 10 years.

2011 Masters Tournament
April 7-10, 2011

Cut: 49 players at three-over-par 145 from a starting field of 99

Summary: On the 50th anniversary of Gary Player's first Masters victory, fellow South African Charl Schwartzel claimed his own Green Jacket in only his second Tournament appearance. With a birdie on the 18th hole during the final round of the 75th playing of the Masters, he provided a fitting finish to one of the most thrilling conclusions in the history of the Tournament. Schwartzel's record-setting birdie run on the final four holes punctuated a day that witnessed him overtake Rory McIlroy, the 54-hole leader, and rise above a host of the game's greatest players, including Jason Day, Adam Scott, Tiger Woods, Geoff Ogilvy and Luke Donald.

2010 Masters Tournament
April 8-11, 2010

Cut: 48 players at three-over-par 147 from a starting field of 96

Summary: In his 18th appearance at Augusta National, Phil Mickelson became the eighth player to win three Masters Tournament titles. His third Green Jacket came after a 16-under-par performance, tying for the third lowest in Tournament history. The defining moment came on the par-5 13th on Sunday, when he laced a 207-yard 6-iron between two pines right of the fairway to four feet, which he ultimately converted for birdie. The daring shot paved the way for Mickelson to shoot his third 67 of the week and secure a three-stroke victory over Lee Westwood. On Thursday, six-time Masters champion Jack Nicklaus joined four-time winner Arnold Palmer as an Honorary Starter.

2009 Masters Tournament
April 9-12, 2009

Cut: 50 players at one-over-par 145 from a starting field of 96

Summary: Tied atop the 54-hole leader board after three rounds in the 60s, Argentinean Angel Cabrera closed with a 71 to join Kenny Perry and Chad Campbell in the Tournament's first three-man playoff since 1987. A miraculous par save on the first extra hole (No. 18) and routine par on the second (No. 10) gave Cabrera his first Green Jacket and second major championship. He became the first Masters champion from South America and the fourth international champion this decade. Earlier in the week, three-time Masters champion Gary Player announced the 2009 Tournament – his record 52nd appearance – would be his last.

2007 Masters Tournament
April 5-8, 2007

Cut: 60 players at eight-over-par 152 from a starting field of 97

Summary: Zach Johnson stuck to a carefully devised game plan not going for any par 5s in two shots and finished 11 under par on those holes to win the 2007 Masters. Johnson's total of one-over-par 289 equaled the highest four-day total in Masters history tying Sam Snead (1954) and Jack Burke (1956). Johnson birdied three of the final six holes Sunday and made a key par save at No. 18 with a deft chip. He defeated Tiger Woods, Retief Goosen and Rory Sabbatini by two strokes. The tradition of the Honorary Starter returned to the Masters when Arnold Palmer became the seventh player to hit an opening tee shot. Palmer's longtime friend and rival, Gary Player, competed in his 50th Masters and Fred Couples made his 23rd consecutive cut, tying Player's all-time mark.

Masters Quotes

"Got a great break on 16, didn't go in the bunker, didn't go in the rough and somehow an earthquake happened and it fell in the hole."

2004 Masters Tournament
April 8-11, 2004

Cut: 44 players at four-over-par 148 from a starting field of 93
Weather: Play suspended Thursday at 4:05 P.M, due to adverse weather, then resumed at 6:15 P.M. The round was suspended due to darkness at 7:45 P.M. Eighteen players finished Friday morning.
Summary: Phil Mickelson converted an 18-foot birdie putt on the 72nd hole to break a deadlock with Ernie Els, who finished two groups earlier, and win by one stroke. It was the sixth time (Art Wall 1959, Arnold Palmer 1960, Gary Player 1978, Sandy Lyle 1988 and Mark O'Meara 1998) in Tournament history that a final birdie putt decided the outcome. It was the first major victory for Mickelson. After starting the final round tied for the lead with Chris DiMarco, Mickelson birdied five of the last seven holes for the win. Four-time winner Arnold Palmer celebrated his 50th consecutive Masters.

2003 Masters Tournament
April 10-13, 2003

Cut: 49 players at five-over-par 149 from a starting field of 93

Weather: Play postponed Thursday, first round began Friday at 7:30 A.M. with a two-tee start. Second round began at 2:00 P.M., due to rain, with a two-tee start, and play was suspended due to darkness at 7:30 P.M.

Summary: Utilizing pinpoint irons and timely putting, Mike Weir played bogey-free golf in regulation play on Sunday and captured the Masters in a playoff over Len Mattiace. Weir won the Tournament with a bogey on No. 10, the first playoff hole. It was the 12th playoff in Masters history, the sixth in sudden death. In regulation at No. 18, Weir made a crucial seven-foot par putt to extend the Tournament. Earlier at the same hole, Mattiace had missed his par putt for his lone bogey in a round of 65 that included an eagle at No. 13. Weir became the first left-handed player to win the Masters and the first Canadian to win one of golf's major tournaments.

April 11-14, 2002

Cut: 45 players at three-over-par 147 from a starting field of 89

Weather: Second round play was suspended at 5 P.M., due to weather, with 38 players left on the course. The second round restarted at 9 A.M. Saturday and the third round began at 12:30 P.M. from No. 1 and No. 10 tees.

Summary: After posting a third-round 66, Tiger Woods played steady, and sometimes spectacular, golf to capture his third Masters. 1992 Masters Tournament
April 9-12, 1992

Cut: 63 players at one-over-par 145 from a starting field of 83
Weather: Third-round play was suspended from 2:33 P.M. until 5:25 P.M., due to thunderstorms. Final suspension of play at 7:50 P.M. was due to darkness with six players left on the course.
Summary: Fred Couples' tee shot Sunday at No. 12 landed on the bank of the green but did not roll into the water, allowing Couples to make par and win by two strokes. Second-place finisher Raymond Floyd set the Tournament standard for age of a runner-up (49) and first-round co-leader Jeff Sluman scored the only ace at No. 4 in Masters history.
