Winds (mph)	Light & Variable	Variable 4-8	S/SE 6-12	S 6-12 G16	S/SW 6-12 G16	S/SW 5-10

Today – A low overcast will be in place much of the morning with some breaks developing by midday. As temperatures warm, isolated shower development is possible around the nearby terrain. Any impacts to the course would be brief, if they occur at all. Southerly winds will develop by this afternoon with a few gusts over 15 mph. **Sunrise: 6:47am / Sunset: 7:23pm**

Day	Tonight	Fri	Sat	Sun	Mon

Extended forecast – The only forecast concern is the potential for low overcast or fog each morning. If dense fog develops, it will most likely occur Friday and/or Saturday morning. Fog/clouds will clear out by late morning with sun during the afternoon. Temperatures each day will climb into the upper 70s to near 80F with southerly winds gusting over 15 mph at times.

Forecast prepared by meteorologist Kyle Koval.
