**Sunday Forecast** – A weak area of low-pressure will move across Ohio into New York as we go through the day. This will produce cloudy and breezy conditions across the area, especially during the afternoon. Currently, the rainfall associated with this system will likely stay to the south and east of Toronto with the tournament remaining dry. An easterly breeze of 10-15 mph may gust to 20 mph/32km/h during the afternoon as well.

Forecast prepared by meteorologist Stewart Williams.
