Temp (min/max)	Min: 49	49/63	48/63
Winds (mph)	Becoming Light	W/NW 6-12 G15	W/SW 6-12 G15

Extended forecast – The only forecast concern the rest of the weekend is the potential for shallow marine clouds and fog on Sunday. At this point, these clouds most likely stay offshore but they could hug the coastline at times. Clouds and fog likely move onshore Sunday night into Monday morning. Otherwise, pleasant conditions will be in place through Monday with temperatures reaching the lower 60s each day.

Forecast prepared by meteorologist Kyle Koval.
