Question: Course conditions when you came back out this morning, were they — can you go at these pins?

Thonchai Jaidee Answer:

I hit the ball pretty well today. Hit a lot of fairway, hit a lot of green. But, you know, I hit very good shots. You know, 5-under very good score today. But get back to resume this morning, I feel okay. You know, at least can putt. But, you know, turn up on 16 and 17. Yeah, make me happy to get back and then, you know, move forward to see another round just today.

Question: That new putter you're using is starting to catch on fire, isn't it?

Thonchai Jaidee Answer:

I used the putter since I think Newport Beach my first week. Getting better now. Making a few, confident. We get my confidence back. That's what we just care about. Everyone had to putt well, you know. If you didn't put well, you know, hit a lot of — no putt, just make it might get me back a little bit for getting confidence back, make a lot, like feeling well.

Question: What is it about this golf course that you like?

Thonchai Jaidee Answer:

I like the golf course because I played good last year - unfortunately we play only two round. But, you know, I know I can't expect to win it. But the same thing we play — I love the golf course. And then the green is not very difficult to read, but the course is not very long. But you have to have a good tee shot.
