

JEROME BETTIS (April 4)

**You're tied for the lead. Talk about the day.**

It was a great environment to come out with the Champions Tour guys. And Paul Goydos and Freddie Funk, great guys to be with. It was such a familiar group to play in. I felt really good. I didn't play my best, but we're happy with how I competed out there.

**You have another round. You have a gold jacket. What would it mean to win this trophy?**

It would be great to come out here, obviously with the great players, to come out with the win would be pretty impressive. I'll keep fighting and see what happens tomorrow.

**Talk about the fan support.**

To see the fans out here is pretty neat. Obviously, we are so removed from our playing days, it's great to get back and talk about football and the glory days.

**The guys on the Champions Tour are super competitive out here. What it's like to relive that feeling with these guys?**

It's a bit different with these guys. They are competing at a very high level. They are just as mad at 25 as they are at 65. They are still competitive and they still want to win. That's the fun part of being out here with these guys. They take it seriously. We can learn a lot and still enjoy the opportunity.
