

K.J. CHOI (Round 2)

Just give some thoughts on your round.

First of all, thanks to James Hardie and the pro footballers for this new tournament. So far, my game still in the patience that we hold this shot. Still, my game is okay.

Do you feel like this course sets up for your game?

Well, you know, sometimes in the hole by hole, wind direction difference, we're more focused in the wind directions. This course, a lot of water. So looks like more on the greens, very firm in the first bounce is little higher. Need to control irons.

What's the key for you tomorrow to win?

Hit my drives a little bit longer and then inside the 100 yards with wedge play. Par-3s here are very difficult. This causes more control to five iron, four irons and pins in the left corner and the right corner. And a couple par-4s are very long against the wind. Got to practice some 4- and 5-irons.
