

RONDE BARBER (April 4)

**What was it like out there?**

It was windy. It was fun, though. Billy got off to a really good start. Parred the first hole, then went birdie-birdie. I had a stroke, made a par for a birdie.

Obviously, I love golf. I love the players. Being able to be a part of this is special.

**Was there a moment that stood out?**

Moment that stands out? Huge drive on 6 and then dumping it in the water with a 3-wood. That will be under my craw for the next few days.

I had some good looks for birdies. I hit a shot on 13, I was under a tree to the left, I hit a hooking 5-iron to 10 feet. Of course, I missed the putt. It was fun. Probably the best shot I've hit in a couple of months.

**How does that impact you when Billy (Andrade) got off to a hot start?**

Starts making you think about winning. He was in the lead for a long time. It gets you going. Start feeling like you're playing for something together. I love that about golf. I have played a lot of recreational golf. Being in a team atmosphere, brings you back to why we love to play this game.
