Today – Clouds from thunderstorms over Michigan will provide partly to mostly cloudy skies this morning. Otherwise, mostly sunny skies and breezy conditions can be expected today with gusts to 20-25 mph at times. Temperatures will become hot this afternoon as high pressure begins to build into the region from the south. Temperatures will top out in the upper 80s and will remain in the 80s through the evening hours.

Sunrise: 5:52am / Sunset: 9:00pm

Sunday forecast – Heat Advisory from 12pm Sunday through 8pm Tuesday! A large dome of high pressure will provide sunny skies and the first heatwave of the season. Temperatures will reach the low 90s during the afternoon with the humidity making it feel more like the low 100s. Please drink plenty of water and take frequent breaks during the afternoon.
