Extended Forecast – A gradual increase in clouds is expected overnight into tomorrow morning. A weakening complex of tstorms is expected to move across the region early tomorrow morning with clearing expected by 8am. An overnight wave of showers and tstorms will be possible Saturday night into early Sunday morning. Scattered tstorms are expected to redevelop Sunday afternoon into Sunday evening. All tstorm activity this weekend will be capable of damaging wind gusts and small hail. Overnight lows near 70F will warm into the 80s during the day.

Forecast prepared by meteorologist Marcus Hustedde.
