

ROUND 2 QUICK QUOTES
October 11, 2025

BRANDT JOBE (+9)

Q. What changes for you if you end up 73?

BRANDT JOBE: Zero, zero changes. It's been a very difficult year. Dealing with injuries hasn't been fun. It's been frustrating, kind of like this whole week. That's kind of what it's been. It's been a frustrating week, it's been a frustrating year having your body not work how it used to because you had a surgery. It's been tired, I'm tired of -- it's been a long three years.

Q. Do you go out tomorrow any different strategy than today?

BRANDT JOBE: No. Just go out -- the whole thing is just go out and play the best you can play, that's all you can do.

Q. With conditions like they are (indiscernible), does that make it harder on you?

BRANDT JOBE: You know, the golf course right now, it's almost on the edge with these greens. You know, it's been a long year and there's been -- it gets very frustrating out there, you've got to be very patient.

The course, some areas are super firm and then some areas it's soft. Sometimes the greens are really quick and then a couple of them are slow. There's not consistency. And then also you have all the wind and you're catching some gusts. You've got to put on your patience cap out there --

Q. Go get 'em tomorrow.

BRANDT JOBE: -- and I have not.
