

ROUND 2 QUICK QUOTES
October 11, 2025

MARK WALKER (E)

Q. Did you go out there today trying to fire at pins because of where you're at and the weather that's coming?

MARK WALKER: Actually, no. I just went out and tried to play more centers of the greens. With the wind blowing, it was really difficult to get to a lot of pins, so I played a little bit more conservative hoping I might be able to make a putt or two, and just hit lots of fairways, lots of greens, kind of my game plan.

Q. You're 75 going into tomorrow. What will the mindset be tomorrow?

MARK WALKER: Mindset's kind of the same thing as today. Of course as the round goes on it might be where I have to press a little more, maybe be a little more aggressive. We'll worry about the back nine. Front nine I'm just going to hit my shots, do the best I can do, play the percentages and see where we're at at the turn.

Q. With what's at stake, how difficult is this?

MARK WALKER: Yeah, it's pretty difficult. For me, it's kind of in a bad spot. Unfortunately, I kind of dug myself a hole this year. Played great early in the year, it's just now recently kind of come around. Yeah, we're looking to get into that top 72, it's going to be tough. Wish I wasn't in this, but it is what it is.
