**Today** – Similar conditions are expected today as yesterday. The morning will feature partly cloudy skies, with the potential for a brief sprinkle. By 12-1pm, a few pop-up thunderstorms will likely form in the higher terrain near the course, with additional thunderstorms developing throughout the remainder of the afternoon through sunset. These thunderstorms can produce quick downpours of 0.50". Winds will remain light and begin to come from the west in the afternoon.

**Rainfall: 0.25-0.50", iso. 0.75" | Sunrise: 6:11am / Sunset: 6:08pm**

**Tomorrow** – Sunday's weather has slightly lower overall chances of thunderstorms with their coverage expected to be slightly less, but overall similar weather to Friday and Saturday is expected. A partly cloudy morning, leading to pop-up thunderstorms around 12pm, and then the highest chance of thunderstorms at the course near 3pm. The overall environment will be slightly drier, which may lead to lighter thunderstorms with rainfall under 0.50". Winds will remain less than 10mph.

**Rainfall: 0.25-0.50" | Sunrise: 6:11am / Sunset: 6:09pm**
