**Today** – The morning and early afternoon will remain dry with mostly sunny to partly cloudy conditions. This afternoon a cold front is expected to approach the region at a similar time to the afternoon sea breeze. This may lead to scattered heavy rain showers and thunderstorms in the area. The highest chance for any activity near the course is after 5pm. Scattered activity is expected to remain in the area through sunset. Winds will remain steady from the east near 12mph with 20 mph wind gusts.
