Extended forecast – Throughout the day on Friday periods of thunderstorms, heavy rain, and lighter rain showers are expected. Periods of heavy rain/thunderstorms can lead to 0.25" or more in under 30 minutes. Winds will be elevated during thunderstorms as well. Most of Saturday is expected to be dry but thunderstorms are possible late in the day. Sunday is then expected to be mostly dry and hot. Winds will generally remain near 10mph with wind gusts less than 20mph throughout the weekend. Temperatures will warm this weekend reaching near 90F and the heat index approaching 100F on Sunday.
