Today – The potential for a shower/isolated T-storm will exist much of the day, however the activity should remain sparse in coverage. The threat for rainfall likely increases towards the late afternoon and more so after sunset. Southerly winds should increase this morning with gusts of 20-25 mph possible this afternoon. Forecast rainfall: < 0.25" before sunset. **Sunrise: 6:57am / Sunset: 5:39pm**

Extended forecast – A cold front will move across Abaco this evening with the threat for showers/T-storms coming to an end. North to northeast flow will develop behind the front and persist through Wednesday. Wind gusts of 25-30 mph will be possible, especially Tuesday/Wednesday. Monday and Tuesday should feature dry conditions with the threat for showers returning to the area by Wednesday.
