Today – Sunny skies this morning will give way to partly cloudy skies for the afternoon. Temperatures will be hot with highs warming to around 90F. The wind will remain light before increasing this afternoon out of the south-southeast 10-15 with a few gusts to 20 mph. An isolated shower cannot be ruled out, but most locations will remain dry today.

Winds (mph)	SE 10-15	SW 12-16 G20	W→NW 6-12	NE 10-15

Extended forecast – No changes to the extended forecast as high pressure will bring mostly sunny to partly cloudy skies and hot conditions through Saturday, with highs around 90°F. An isolated shower or thunderstorm may develop each afternoon along the sea breeze, but most areas will remain dry. A cold front is expected to move into Central Florida over the weekend, increasing the chance for showers and thunderstorms Sunday, especially during the afternoon. Showers and a few thunderstorms lingering into Monday before drying out late in the day.

Forecast prepared by meteorologist Stewart Williams.
