2010 FedExCup champion **Jim Furyk** is arguably one of the most consistent grinders on the PGA TOUR. He's had at least 7 top 10's in each of his last 6 seasons on TOUR dating back to 2005. In 2008 & 2009 he was a model of consistency, carding the most top 10's on TOUR without a win (20 top 10's in 49 starts over 2 years).

In 2010 **Jim Furyk's** perseverance paid off as he carded a career-high 3 wins including the Valspar Championship, the RBC Heritage, and the TOUR Championship.

Furyk was the first FedExCup champion to be ranked outside the top 5 entering the TOUR Championship (11th ranked player entering the week).

Winner Notes: Six winners (seven times) in the Playoffs have been perfect from greenside bunkers (*more than 2 attempts*) en route to their respective wins. **Justin Thomas** has accomplished this twice going a perfect 5 of 5 from the sand en route to winning the 2017 Dell Technologies Championship & 3 of 3 at the 2019 BMW Championship; **Patrick Cantlay** in 2021 at East Lake GC was the last winner to do so, going a perfect 5 of 5 from the sand; **Tiger Woods** went a perfect 9 for 9 when he won the 2009 BMW, **Jim Furyk** was a perfect 9 for 9 en route to his victory at the 2010 TOUR Championship and **Brandt Snedeker** was 100% out of the bunkers going 4 of 4 for the week at East Lake GC in 2012 and **Phil Mickelson** went a perfect 7 for 7 from the sand at the 2007 Dell Technologies Championship.

Hole-out for the 2012 Champion: On the 17th hole in 2012 (now hole 8), Snedeker hit his 2nd shot onto the fringe 28' 6" from the cup. In 2012, Brandt relied on his short game, especially in the final round only hitting 9 of 18 greens in regulation. Snedeker managed to chip in for birdie to take a four-shot lead going into the 72nd hole, where he ended up winning by three. In the final round, Snedeker was only the 5th player to birdie the 17th hole due to the tough pin placement (front left) over a bunker with water left.

Greenside Bunker Performance at East Lake GC - 2010 FedExCup Champion

At the 2010 TOUR Championship, **Jim Furyk** was faced with an 18-yard bunker shot on the 72nd hole. In 2010, the TOUR average for sand saves from 10 to 20 yards was 54%. The average bunker shot on TOUR lands 9 feet 6 inches from the hole. Entering the week, Furyk ranked 134th on TOUR for sand saves from 10 to 20 yards with a success rate of just 49%. Jim went on to hit his bunker shot 2 feet 5 inches from the hole and clinch trophies for both the TOUR Championship and the 2010 FEC.

If he had missed the 2' 5" putt and gone on to lose in a playoff to Luke Donald, **Furyk** would have ended up seventh in the final FedExCup standings. The bonus money for seventh pays \$700,000 -- so it would be fair to say that the final putt was potentially worth \$9.3 million. Jim's perfect 9 for 9 was just 2 off his career high on the PGA TOUR for sand saves in an event (he went 11 for 11 at the '09 WGC-CA Championship). Furyk and Jon Rahm (2020) are the only two players to hit 9 or more bunkers & kept a perfect save record in the history of the TOUR Championship at East Lake.

Water Shot on 17th Hole (now hole 8) - 2nd playoff hole - 2011 FedExCup Champion

On the 2nd playoff hole (17th), **Bill Haas** hit his 2nd shot into the greenside water to the left of the 17th green and managed to successfully get the ball up and down to force another hole. For the week, five players hit their 2nd shots in the water on the 17th hole in regulation play and all made bogey or worse. Since 2004, Haas is the only player to successfully salvage par or better after hitting his 2nd shot in the water on the 17th hole at East Lake GC.
