**Today** – A few showers could impact the Louisville area this morning, otherwise dry conditions are expected. The threat for showers/T-storms increase substantially this afternoon, especially after 3-4pm. Heavy rain will be a concern. A light southwest wind is expected much of the day with temperatures reaching the 80s (upper 20s). Forecast rainfall: 0.25-0.50" (6-12 mm) with localized amounts over 1" (25mm) in T-storms. **Sunrise: 6:28am / Sunset: 9:07pm**

**Extended forecast** – Showers/T-storms could persist through this evening with some dissipation expected overnight. A front will try to clear out the moisture by Sunday, however there is some concern this gets hung up. Overall confidence is low, but some shower activity is possible during the day. Winds will become northeasterly for Sunday with gusts of 15-18 mph possible.
