7 AM Weather Update

Sunday, April 12, 2026

Synopsis: Clear skies and dry conditions are forecast to continue with temperatures climbing into the mid-80s. Light winds this morning will turn south-southeasterly at 7-13 mph in the afternoon. Dry air will remain firmly in place through early next week, with relative humidity dropping to 20–30% each afternoon. Partly cloudy on Monday with a high temperature in the mid-80s. The middle of next week could see temperatures approach record levels, with highs rising into the low 90s.
