Winds (mph)	SW 10-15	SW 10-15	WSW 6-12	WSW 5-10

Extended forecast– The chances for isolated to scattered thunderstorms will continue Friday and Saturday as tropical moisture remains over the region. Slightly drier air will begin to move into the area Sunday and especially Monday limiting the thunderstorm chances into early next week. Otherwise, conditions will remain very warm and humid, with afternoon highs in the upper 80s and low 90s returning on Monday.

Forecast prepared by meteorologist Stewart Williams.
