Extended Forecast – Mixed skies are expected throughout the day tomorrow. Rain chances will increase again on Friday, especially favoring the evening and night hours after 5pm. Some lingering showers can be expected into Saturday morning with dry conditions likely by the afternoon. High pressure will then build across the region giving way to mostly sunny skies on Sunday into early next week. Overnight lows in the mid-50s tomorrow will drop into the mid-40s by Sunday morning. Highs will range from the mid-60s to upper 70s through the period. Wind gusts are expected to remain at or below 20 mph.

Forecast prepared by meteorologist Marcus Hustedde.
