

CHAD CAMPBELL POST-ROUND 1 PRESS CONFERENCE

SANFORD INTERNATIONAL – SATURDAY, SEPTEMBER 12, 2026

Chad, a 3 under start. Yesterday (Friday) had to be a little bit of a whirlwind playing 16 holes, wind delay, sleeping on the overnight lead, and then playing two holes today.

Can you discuss the experience of the 1st round?

Yeah, it was a lot. You know, yesterday was really tough. Obviously, it was super windy out here and I was hitting a lot of good shots and hit some really close, so I didn't have to make two on the putts, so putting was really tough. It was just a really tough day yesterday and it's definitely a lot better weather today; a little chilly, but I also came out and got a couple pars.

How'd you end up spending the wind delay yesterday, the five hours?

Just kind of hanging out in the dining room, not really much to do. You just kind of wait every hour and see what they say.

What's the plan now until you go again?

I'll probably go back to the room and hang out and watch some TV for a little bit and then get back out here, warm up and go.

What's it like mentally when you have to go through all that stuff before you come back out?

Ideally, you know, you'd like to have a normal tournament. But we've done this for so long, we're used to it, it happens. And I think the rest of the week looks alright, so we should run pretty smooth the rest of the way.
